

Movie Plan

Fill in the Planning guide below to help think through your music video. You will need to match lyrics to images and movement. Remember this is to communicate the message of your song not to act it out, so no lip syncing as this will be very difficult to match up in the final editing!

Lyrics/verse	How will you communicate this message?
Verse 1	
Chorus	
Verse 2	
Bridge (leave blank if your song does not have one)
